WHY IT IS SAFE TO INVEST IN CHILE?

A vibrant, close-up photograph of a variety of berries. In the foreground, a large, ripe raspberry is prominent on the left, its red color contrasting with the dark purple/blue hue of several blueberries on the right. Above the raspberries, a strawberry with its characteristic green leafy top is visible. To the right of the strawberry, a cluster of blackberries is nestled among the other berries. In the background, several bright red currants or gooseberries are scattered throughout the scene.

WE HAVE AN EXPORTING SPIRIT

A close-up photograph of a large pile of copper rods or wires. The rods are tightly packed, creating a dense texture of fine, parallel lines. They have a warm, reddish-brown color, characteristic of copper. The lighting highlights the metallic surfaces, creating bright highlights and deep shadows that emphasize the cylindrical shape and the way the rods overlap.

MAIN EXPORT: COPPER

BEAUTIFUL GEOGRAPHY

INFINITE OPPORTUNITIES

A wide-angle photograph of a desert landscape. In the foreground, there are numerous small, rounded sand dunes with distinct wavy patterns on their surfaces. Behind them, larger, more prominent dunes rise, their slopes covered in a light tan or beige color. The sky above is a clear, vibrant blue, with a few wispy white clouds visible near the horizon. The overall scene conveys a sense of vastness and natural beauty.

MODERNITY AND PROSPERITY

An aerial night photograph of a dense urban area, likely Mexico City, showing a vast expanse of city lights. The lights from numerous buildings and streets create a pattern of yellow and white against the dark night sky. In the foreground, a prominent multi-story building with many lit windows is visible on the right side. The city stretches far into the distance under a dark, clear sky.
